SUNRISE CHAPTER NEWS

The September meeting was highlighted with a gourmet dinner - prepared by Pierre Whitman, "Chef Grande" for over forty (some ate twice).

Here is the menu, and if you don't know what it is, ask "George" - he was there. Anyone like to make a guess?

Truite a la Lorraine
Sauce au Beurre D'Anchoise
Feves Nouvelles a la Ancienne
Crepes de Pommes de Terre Vonassiennes
Salade de Cho et de Carrottes
Galette en Pate Mais
Mousse aux Fraises, a la Madam Duve
Gateau de Noisettes, a la Madam Muller
Cafe au Lait

Oh calorie, oh calorie, how I love thee
You killed my best buddy, please don't you kill me.

A very interesting slide show concluded the meeting. What kind of slides? Orchids - how about that? No Hibiscus.

See you all,
George

COLD WEATHER (Cont'd from page 24)

just any kind of heat you can come up with is OK if it is under plastic. There must be ventilation when the sun comes up, however. It can get hot in a hurry inside a tight plastic cover when hit by the sun.

For cover material use sheets, blankets, plastic, cardboard boxes, paper bags, or anything you can find that is not nailed down.

If all this fails the only solution is to move south.

NORMAN REASONER TROPHY

This season the Norman Reasoner Trophy goes to the Indian River Chapter in Vero Beach. They just won by a beard. They had 98 amateur entrants while the Norman Reasoner Chapter, the current winner, had only 90 entrants.

We might pass on a little tip. We understand that each member of the Indian River Chapter was given some amateur entry tags and told to get three of their neighbors to enter bloom. They all went out and twisted arms and came back the winner. So if you want to win - get to work.

The Norman Reasoner trophy is given in honor of Norman A. Reasoner, the Charter President of the AHS in 1950 when the organization was chartered. The trophy is given by the Reasoner's Tropical Nurseries of Bradenton to the chapter with the highest number of amateur entrants in their show. it is through the amateur members that this organization will grow.

HONORARY & LIFE MEMBERSHIP

Each year the board of directors can recommend to the membership at the Annual Membership Meeting, two names for Honorary Membership in the Society if they feel there are worthy persons. The Honorary Membership is given for some outstanding work or contribution to the society or hibiscus in general.

If memory serves correctly we have 8 honorary members at present.

Mr. & Mrs. Dick Pope, Winter Haven, Florida
Mr. Ross Gast, Los Angeles, California
Mr. Augie Miller, Honolulu, Hawaii
Mr. Harry Goulding, Punta Gorda, Florida
Mr. H. A. Gilliard, Jr., Orlando, Florida
Dr. Donald R. Egolf, U. S. National Arboretum
Dr. John V. Watkins, Gainesville, Florida

Life Membership is a little different. All past
